Organoid
오가노이드 하이드로 부스터 겔

Hydro Booster Gel
1,000 ml · 33.8 fl.oz.

Hydro Booster Gel

A smooth layer between skin and device

Organoid Hydro Booster Gel

A hydro gel with ingredients inspired by the ECM

Product by **MEDICON**

Daily Hydration

One or two pumps, your daily hydration

Organoid Hydro Booster Gel adheres softly for a smooth glide while you use your device, and leaves skin feeling moist afterwards. On device-free days, use it on its own as a hydrating gel.

Volume	1,000 ml
Texture	Hydro gel
Use	On its own · with device

01

Soft adhesion

A hydro gel that spreads smoothly over skin

02

Moist finish

A moist feel that lasts after use

03

Solo or with device

A hydrating gel on device-free days

The Gel

A pink hydrating gel for generous daily use

Neither runny nor thick, the hydro texture spreads lightly from face to neck. One or two pumps are enough.

Product type	Cosmetic · hydro gel
Volume	1,000 ml / 33.8 fl.oz. Pump bottle
Texture	Clear pink with micro bubbles
Area	Face · neck
How to use	Alone, or before device use
Key ingredients	Hyaluronic Acid, Panthenol, Chamomile, Centella Asiatica, Madecassoside, Allantoin
Free from	Parabens, Benzophenone-3·4·8, Phenoxyethanol, Talc, artificial colors, Triclosan, Coal tar

The feel may vary from person to person.

Organoid ECM

A name that resembles tiny skin

An organoid is a tiny organ-like structure that stem cells form by gathering on their own in 3D space. The product name began with this tiny structure that resembles real skin.

Ingredients inspired by the ECM

The ECM (extracellular matrix) is the structure that surrounds and supports skin cells. Organoid Gel contains three ingredients from the families that make up the ECM.

Atelocollagen

Collagen family

A collagen-type ingredient that makes up skin structure

Soluble Proteoglycan

Water-holding

A proteoglycan-type ingredient that holds moisture

Glycosaminoglycans

Polysaccharide

A polysaccharide ingredient that forms the moisture structure

This describes the general characteristics of the ingredients and does not imply efficacy. The image above is a staged image of the gel texture.

Key Ingredients

Only what your skin will love

The moist feel of hyaluronic acid and panthenol, the comfort of chamomile and centella extracts, and the soft feel of allantoin — all in one gel.

Moisturizing

Hyaluronic Acid

A moisturizing ingredient that sinks into skin

Vitamin B5

Panthenol

Adds a moist feel to dry skin

Flower extract

Chamomile Flower Extract

Comforts sensitized skin

Plant extract

Centella Asiatica Extract

A centella-derived ingredient that keeps skin comfortable

From centella

Madecassoside

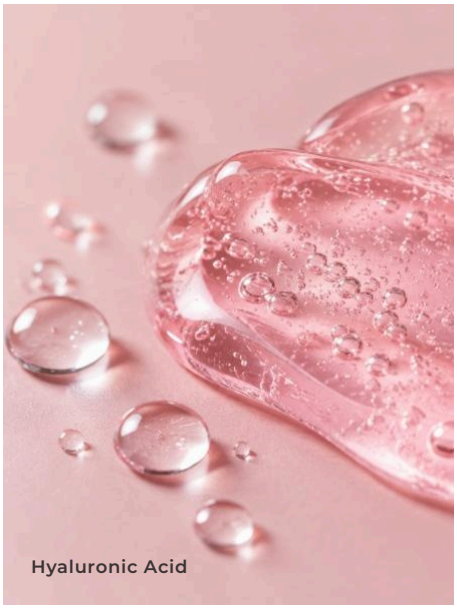

Derived from centella, conditions the skin

Skin feel

Allantoin

Wraps skin in softness and comfort

※ Limited to ingredient characteristics · images below are staged shots of the ingredients

Texture

Micro bubbles · clear pink

A hydro gel that adheres softly the moment you spread it.

How to Use

With your device, or on its own every day

On its own Daily

Step 1

After cleansing, dispense one or two pumps.

Step 2

Spread gently along the face.

Step 3

Finish by patting lightly.

With device With device

Step 1

Before using the device, apply a generous layer to the area.

Step 2

Use according to the device manual.

Step 3

Wipe off remaining gel with a tissue and rinse with lukewarm water.

Tip

Amount
One or two pumps are enough

Area
Face · neck

Storage
Store away from direct sunlight

7-Free

Formulated without 7 ingredients so even sensitive skin can use it comfortably.

- Parabens
- Benzophenone-3·4·8
- Phenoxyethanol
- Talc
- Artificial colorants
- Triclosan
- Coal tar

Organoid
오가노이드 하이드로 부스터 겔
